URBAN HORTICULTURE PRESENTS...

Winter 1985

Winter - Time for Learning

This winter issue offers an expanded selection of courses, lectures, tours, and seminars. Our new facilities provide an even greater opportunity for horticultural learning experiences. Welcome to all the "new" and "returning" faces who have taken advantage of these experiences. Tell your friends, and have them join us in making this winter a time for horticultural learning.

John A. Witt, Professor of Urban Horticulture

WASHINGTON PARK ARBORETUM TOURS

Your garden need not be drab and gray during the winter. Find out which plants can add showy flowers, colorful fruits, and fragrance to the winter landscape.

All Arboretum tours are free and begin at the Arboretum Office parking lot. No reservations needed.

Explorers' Walks

--- for plant enthusiasts

The fourth Wednesday of each month at 10:00 AM. These two-hour walks are usually led by the Arboretum Naturalist and will feature plants with colorful or interesting fruits and foliage - even a few flowers.

Dates: December 26
January 23
February 27
March 27

Sunday Tours in Winter

--- for everyone

This abbreviated series continues the popular Sundays at One” that are offered Spring through October...rain or shine. Spend an afternoon for fun and/or learning.

Dates: January 20
February 10
March 3

PUBLIC LECTURE SERIES

The free public lecture series, offered in Washington Park Arboretum since 1981, has moved to the new facilities at the Center for Urban Horticulture because of the approaching construction of the Arboretum Visitor Center.

Morning Lectures:

2nd Wednesday of each month, 10-11:30 AM at CUH.

January 9:

Big Trees of Seattle

by Arthur Lee Jacobson, who has worked for several years compiling a list of Seattle's monsters. His article on this subject was published in the Arboretum Bulletin (Winter, 1982) and another is pending in a future issue.

February 13:

Roses: Care and Selection

by Edward Notske, representative of the Seattle Rose Society. Subjects to be covered are: the history of roses, selection of high-quality varieties, with emphasis on modern roses.

March 13:

Primroses

by June Skidmore, who, with her husband Brian, is an active member of the American Primrose Society. An introduction to auriculae and numerous other species to expand your knowledge of the diversity available for gardens in the Pacific Northwest.

Evening Lectures

3rd Monday of each month, 7-8:30 PM at CUH.

January 21:

The Fantastic Flora of Baja California

by Susan Libonati-Barnes and Van M. Bobbitt. A combination of slides taken on separate trips to different parts of this fascinating peninsula, where grow giant cacti, century plants and the Boojum Tree.

February 18:

The Galapagos Islands: Flora and Fauna

by Jeanne and Art Gardiner. A slide lecture on the biology and scenery of these isolated islands whose remarkable flora and fauna formed part of the basis for Charles Darwin’s significant theory of evolution.

March 18:

Horticultural Tour of Korea

by Jean Witt. Slides from the tour led by the Witts in Autumn, 1982, emphasizing the native flora, many of whose species are highly prized garden subjects in the Pacific Northwest.
How to Prune Grapes
January is one of the best times of year to prune grapes in the Puget Sound area. This field class at Bainbridge Island Vineyard and Winery is a hands-on lesson in the principles of pruning trellis-trained grapes.

INSTRUCTOR: Gerard Bentryn
DATE: Saturday, January 12, Noon - 3 PM.
FEE: $17

Bird Identification for Beginners
Get acquainted with the variety of birds that grace the Puget Sound area. This is a field course in the identification of common land birds and waterfowl. Binoculars required.

INSTRUCTOR: Marilyn Hatheway
DATES: Saturdays, January 19, 26, and February 2, 9-11 AM.
FEE: $40

Bright Plants of Winter, Part I
A lecture followed by an Arboretum tour, featuring trees and shrubs that brighten the Puget Sound area garden with colorful flowers, foliage, fruits, bark, or twigs.

INSTRUCTOR: Jan Pirzio-Biroli
DATE: Tuesday, January 22, 12:30-3:30 PM.
FEE: $12

Bright Plants of Winter, Part II
A lecture followed by an Arboretum tour, highlighting trees and shrubs that brighten the Puget Sound area garden with colorful flowers, foliage, fruits, bark, or twigs. A sequel to Part I, with small overlap in material.

INSTRUCTOR: Jan Pirzio-Biroli
DATE: Tuesday, February 19, 12:30-3:30 PM.
FEE: $12

Outstanding Maples for Your Garden
Learn about the wide selection of maple trees that can be used in the home garden. This slide lecture includes many of the outstanding maples, many of which do not look like the ordinary maple. Emphasis on trees that can be grown in the Puget Sound area. The use of these plants in the landscape will also be covered.

INSTRUCTOR: Daniel Hinkley
DATE: Tuesday, February 12, 7-9 PM.
FEE: $10

Vegetable Gardening Series
I. PLANNING YOUR VEGETABLE GARDEN

Get out of the January doleums and get ready for this year’s food garden. Class covers vegetables, small fruits and berries, and includes garden planning. Puget Sound varieties and soil improvement, and basics of plant anatomy and physiology.

DATE: Thursday, January 31, 7-9 PM.

II. STARTING SEEDS INDOORS AND GARDEN PREPARATION

Get started on starting seeds indoors. This class covers garden site layout, soil preparation, starting seeds indoors, transplanting, and early garden seed planting.

DATE: Thursday, February 28, 7-9 PM.

III. PLANTING YOUR VEGETABLE GARDEN

Class covers the basics of planting, garden maintenance, watering, weeding, pest control, insecticides, fungicides, and organic controls, and harvesting, as well as some tips on fall and winter gardening.

DATE: Thursday, March 28, 7-9 PM.

INSTRUCTOR: Francis Dean
FEE: Entire series $25
Single sessions $10

English Gardens: Their History and Lessons
Join David Streetfield, Professor of Landscape Architecture for a discussion of English garden history from the 18th century to present. Lessons drawn from these historic gardens for current garden design will also be discussed.

INSTRUCTOR: David Streetfield
DATES: Tuesday, March 5 and Thursday, February 7, 7-9 PM.
FEE: $17

Growing Orchids at Home
Introductory class covering orchids that can be grown in the home or a greenhouse. Includes an overview of the orchid group including native habitats, pollination and variation in size, form, and color.

Field trip to Baker and Chantry Inc. - Orchid Greenhouses.

INSTRUCTOR: Gary Baker
DATES: Tuesday, Feb. 19th and Thursday, Feb. 21, 7-9 PM and Saturday, Feb 23, 10-1 PM.
FEE: $25

Landscape Pruning
An intermediate-level course emphasizing removal of shrubs and trees. Includes brief lecture and field demonstrations.

INSTRUCTOR: Fred Hoyt
DATES: Saturdays, February 23 and March 2, 10 AM-Noon.
FEE: $17

Greenhouse Gardening
An intermediate course for home greenhouse owners. Covers equipment, crops, propagation, pest problems, and general greenhouse management.

INSTRUCTOR: Don Marshall
DATES: Saturdays, March 2, 9, and 16, 10 AM - Noon.
FEE: $24

Wildlife Problems in the Urban Garden
Lecture on the urban garden can be a treasure or a nuisance. This course will cover how to attract birds with urban wildlife, how to attract birds to your garden, and how to contend with some of the troublesome creatures.

INSTRUCTOR: Stephen Penland, Urban Biologist, Non-game Program, State of Washington Department of Game
DATES: Tuesday, March 5 and Thursday, March 7, 7-9 PM.
FEE: $9

Recognizing Rhododendrons
Learn how to recognize the different groups of Rhodo- dendron species and their hybrids by examining cut specimens for leaf size and shape, and the types of hairs and scales on the leaf surface. The use of these plants in the landscape will also be covered.

INSTRUCTOR: Sharon Buck
DATES: Wednesday, March 27, 7-9 PM and Saturday, March 30, 10 AM-Noon.
FEE: $24
